Career Objective

Passionate and detail-oriented aspiring software engineer with strong knowledge of full-stack development, programming fundamentals, and problem-solving. Seeking an opportunity in Native Engineering to apply technical skills in developing efficient and scalable solutions.

Technical Skills

HTML

CSS

JavaScript

React.js

Node.js

Express.js

MongoDB

C

Python

Git & GitHub

Projects

1. Weather App

Built a weather forecasting web app using OpenWeather API. Implemented real-time weather data fetching and responsive UI design.

2. Airbnb Clone (Wanderlust)

Developed a property listing platform with CRUD operations, MongoDB database, and Node.js backend. Implemented EJS templating for server-side rendering and Express.js routing.

3. Portfolio Website

Created a responsive personal portfolio showcasing projects and skills. Deployed on GitHub Pages for public access.

Education

Bachelor of Technology (B.Tech) –B P Mandal College Of Engineering Madhepura
Specialization: Computer Science And Engineering | 2024 – 2028

Strengths

- Quick learner with strong problem-solving ability
- Ability to work in a team and adapt to new technologies

- Passion for building scalable and efficient applications

Languages

English, Hindi

Hiring Manager

Native Engineering Solutions

Subject: Application for Backend Developer Intern

Dear Hiring Manager,

I am writing to express my strong interest in the full-stack Developer Intern at Native Engineering solutions. With a solid foundation in full-stack web development and proficiency in technologies such as HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB, along with programming knowledge in C and Python, I am confident in my ability to contribute effectively to your team.

I have successfully built projects like a Weather App using OpenWeather API, an Airbnb Clone using the MERN stack, and a Personal Portfolio Website that demonstrate my ability to create responsive, efficient, and user-friendly applications. These experiences have strengthened my problem-solving skills and taught me how to write clean, maintainable code.

I am passionate about developing scalable solutions and continuously learning new technologies to keep up with industry trends. I believe my technical skills, enthusiasm for learning, and dedication to delivering quality work make me an excellent fit for your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experience align with your requirements. You can reach me at +91-8292984934 or via email at manishbgp553@gmail.com.

Sincerely,

Manish Kumar
